vision and mission

Woman of Wonder

vision

Bringing More to Women's Lives

mission

Award college scholarships to women, who are:

- residents of Washington State
- accepted to an accredited college full or part-time
- demonstrate need through a current year Free Application for Federal Student Aid (FAFSA®)
- Demonstrate desire through a personal essay

Preference is given to:

- single moms
- women raised by a single parent
- women on their own with no support

introduction

president's message

Woman of Wonder

The quality of a woman's life is affected by internal and external resources.

Resources, such as knowledge, training and honed skills, are vital to a woman seeking parity in today's world. Add the challenge of paying for college to gain that next career step with the responsibility of supporting and caring for a family and you have seemingly insurmountable odds.

Woman of Wonder seeks to level the playing field with scholarships that bridge the gap between everyday duties of a woman's life with a chance to develop a rewarding career.

In its first eight months, Woman of Wonder acquired office space, secured grants for office software and marketing, and started a books to textbooks program.

Women of Wonder's mission resonated with enough community members, who value education and want to be part of the solution to support those who seek to maximize their potential through education, that the first scholarships will be awarded Summer 2019.

The internal fortitude to continue to seek a college degree despite, in some cases, overwhelming odds, along with the external resources of a community that believes in you will change the lives of the women we support, will stabilize the families they support, and the joy of their achievements will benefit us all. Join our mission today with your donation.

Carol Doane, President and Founder

section 01

support

community donors

Woman of Wonder

The foundation of Woman of Wonder's support comes from the community at large

In its first eight months, Woman of Wonder resonated with the community and developed twenty contributors.

Participation ranged from:

- \$20-\$100 community at large
- \$100-\$3000 board members

section 03

moving forward

summary

Woman of Wonder

Summer of 2019 our first college scholarships will be awarded

As we move forward, encouraging more women, opening new doors, and lighting new paths, we are grateful to the many who joined our Founders Club by making a monetary donation which will result in our first scholarship awards.

This support of women, as they pursue avenues to increase their earning potential and workplace marketability, benefits all of us. Award recipients learn that someone believes in them — and is willing to invest money in that belief.

Children are mentored as they watch their parent set a goal and achieve it.

Families become stabilized through better paying careers.

We can't predict who will finish their degrees, or who may stumble, but we lead forward with confidence that increasing the chances of degree completion has payoffs more than dollars and cents.

Consider being part of this education legacy.

Build a better community and stronger families by supporting college scholarships for women.
